

COMSATS University Islamabad
Lahore Campus
Attendance Sheet

Program: RCS
Subject: Advanced Data Mining

Semester: SP26
Subject Code: MDS710

IMPORTANT NOTE

As informed by the Data Mining instructor in the last class, all students who are currently working on their projects will deliver their project presentations in the next class.

Students may use PowerPoint presentations (PPT), multimedia, notes, or any other supporting material that can help explain their work effectively. Each student is required to clearly explain their project topic and dataset.

The maximum time allotted to each student will be 10 minutes.

The presentation order is attached in the form of a list. Students will be called according to this order, so all students must be present and ready with their work.

Students must attend the class and present their project according to the given sort/order number.
